WHEELER'S SPECIAL GRASS SEED MIXTURES

The Formation of Velvety Lawns

The main point in having a beautiful lawn is to start right. In the first place, see that the ground is thoroughly drained and well prepared with 6 to 12 inches of good soil for the top dressing. The best soil is a good medium texture, neither very heavy nor excessively light. Have all roots, loose stones and lumps of earth removed, and the surface raked down perfectly smooth previous to sowing. Early Spring or Fall is the best time to sow the seed. When the soil is in the proper condition, level, and suitably moist, sow our seeds at the rate of 6 to 7 bushels per acre, after which rake lightly and give a thorough rolling. One pound of seed will sow a plot of about 200 square feet. When the grass has become sufficiently established it should be frequently cut. The oftener this is done the finer and softer the grass will be.

WHEELER'S "PARK CITY"

The "PARK CITY" is a superb mixture, and we offer it with the fullest confidence of its superior quality. We have taken great care in the preparation of this mixture, and believe we have succeeded in producing a combination of grasses that will grow and establish a fine lawn under all conditions except utter neglect. We cheerfully recommend it to all who desire a first class lawn.

Pound 40c, 10 lbs. \$3.75, Bushel (30 lbs.) \$10.50.

WHEELER'S "SHADY LAWN SEED"

The difficulty of establishing a lawn under trees and shrubbery, and in the shade of buildings can be easily overcome by the use of "Wheeler's Shady Lawn Grass Mixture." The soil should be dug and well fertilized, watered and supplied with plant food regularly to stimulate growth.

Pound 55c, 10 lbs. \$5.00, Bushel (25 lbs.) \$11.00.

WHEELER'S "BENT GRASS MIXTURE"

This mixture produces a lawn of exquisite color and texture with a fine close turf. It is a combination of Rhode Island Bent and Kentucky Blue Grass, together with sufficient Red Top to act as a nurse crop.

Pound 75c, 10 lbs. \$7.00.

RHODE ISLAND BENT

Also known as Astoria Bent. Considered the finest and most reliable type for fine lawns in the Northeastern States.

Pound \$1.15, 10 lbs. \$10.00.

WHITE DUTCH CLOVER

Those who prefer an extra-heavy stand of clover in their lawn should use 2 to 4 ounces to each pound of seed. If our "Park City Mixture" is used you will find it contains 10% white clover.

Pound 90c.

HAY, PASTURE AND FIELD SEEDS

Timothy—A well known grass, and more generally grown than any other variety for hay. Our seed is selected for high germination.

Red Top—"Recleaned." A heavy recleaned seed. Fine for lawns and for hay.

Red Clover, Medium—Used with other grasses for either pasture or meadow.

We also carry the following: Alsike Clover, Alfalfa (Grimm's), Orchard Grass, Seed Oats, Seed Rye, Seed Wheat, Field Peas, Barley and Millet Seeds. Prices on application.

Newest NOVELTIES AND SPECIALTIES FOR 1940

THREE NEW MARIGOLDS

French Dwarf Double Harmony Hybrids

For several years Marigold Harmony has been one of the most popular all around garden and cut flower plants, and now we have developed an excellent new strain embodying all the fine features of Harmony combined with a wide and varied color range. The compact plants are 12 to 14 inches high All-Double, and bloom about two months from seed.

The color range includes a distinct golden yellow, a golden orange shade, and innumerable blotched and striped combinations of yellow, orange, and maroon. Packet 15c.

French Tall Single Ferdinand

Saucy, sprightly, and colorful, Ferdinand is one of the gayest of our new flowers. Ferdinand is single flowered with a neat round crested center of dainty tubular florets in a shade of golden yellow, surrounded by a single row of broad mahogany-red guard petals. Plants grow about 2 feet high with compact and upright growth. Packet 15c.

Sunset Giants All-Double, Mixed Shades

A full double or All-Double counterpart of the popular Marigold Sunset Giants, we present the improved Marigold Gigantea Full Double Mixture for your approval. The color range includes deep orange, golden orange, deep golden yellow, light yellow, lemon yellow, and the lovely new primrose shade. Packet 15c.

Aster—Giant Harmony Mixture

Scabiosa

SCABIOSA—Blue Moon

Here is a color that you have wanted for your annual garden, a color of rich deep lavender, a shade that maintains its effectiveness indoors or out. This new type has flowers composed entirely of broad, heavy, wavy petals, eliminating the pincushion center. The flowers are fully double measuring 2 to 3 inches across. Packet 15c.

ASTER—Giant Harmony Mixture

In presenting this new Giant Harmony Aster, we are introducing a new cut flower type. Similar to the Giants of California plants are 2½ feet tall, very long branching stems, bearing 4 to 4½ inch blooms. These large flowers have full quilled rounded centers, which open bright gold, surrounded by several rows of broad guard petals. Colors include lovely shades of light and dark blue, flesh, peach blossom, silvery rose, purple, and white. Packet 15c.

Delphinium—Pacific Hybrids

Petunia—Hollywood Star

Wheeler's Novelties

DELPHINIUM—Pacific Hybrids

A remarkable new strain developed on the Pacific Coast. Flowers extremely large and well formed, symmetrically spaced on well balanced spikes of thin woody stems, practically 100 per cent double. This strain is comparatively mildew resistant.

Pacific Giants Mixed. 25c.

FOUR NEW GAY PETUNIAS FOR YOUR GARDEN

PETUNIA—Compacta Violet Blue

The grand color of this new Petunia, which is a rich violet with a bright blue cast, justifies its being classed as the most important addition to the dwarf compact group. The plants are near perfect in their uniform and compact habit, decidedly neat and will hold their habit the entire season. Its clear dark foliage is hardly visible due to the great number of rich, violet blue flowers. Packet 15c.

PETUNIA—Hollywood Star

This beautiful Petunia was a Medal Winner last year, and still holds its popularity. The flower is a beautiful shade of rich rose with an amber throat, the blossom being in the form of a five pointed star. The plants are early and free blooming. Packet 15c.

PETUNIA—Rose Crepe de Chine

The petals of this new Petunia remind us of "Crepe de Chine." The plants are dwarf and compact and the medium sized flowers are waved. It is always covered with bloom of a color of fine rich rose. Packet 15c.

PETUNIA—Topaz Rose

After many years of selecting, a Petunia has been produced that will neither fade nor burn under the hottest sun. Topaz Rose is a fiery velvety rose of a brilliancy seldom seen. The flowers are suffused with gold which gives it a fiery appearance, and the throat is the color of topaz. Packet 15c.

and Specialties 1940

IPOMEA—Cornell

This new variety Cornell combines the brilliant coloring of Scarlet O'Hara with the size of bloom and robust habit of the Heavenly Blue Morning Glories. The blooms are very large and the color an intense shade of carnelian red with a white border a little over an eighth of an inch wide. Much more free blooming than Scarlet O'Hara. Will bloom until frost. Packet 15c.

Ipomea—Cornell

AGERATUM Midget Blue

After many years of diligent selection there is a real satisfaction in being able to offer a very fine dwarf Ageratum with delicate fine foliage, which is practically smothered with small true Blue Flowers. This is really the first dwarf Ageratum that we have found that will come uniformly dwarf and true to color from seed. Packet 20c.

PHLOX Salmon Glory

This beautiful Phlox must be grown to be appreciated. The color is a pure salmon pink with a distinct creamy white eye. This combination with its clear, clean, crisp appearance, makes one of the most beautiful color combinations we have ever seen. A grand novelty and worthy variety for bedding, boxes, and for cutting. Packet 15c.

TWO GLORIOUS NEW ZINNIAS ZINNIA—Fantasy Wildfire

Wildfire adds a distinct note of color to the garden, and will enliven any home when used in flower arrangements. The color is a rich dazzling scarlet. Packet 15c.

ZINNIA—Crown of Gold Pastel Tints

A beautiful large flowering type of Zinnia in a strictly Pastel Mixture. It contains a wide range of pastel shades of salmon, peach and buff, soft yellow, old gold, light pink, and apricot pink. Each petal of the flower is overlaid at the base with a deep golden yellow while carrying out the individual flower color at the tip. Packet 15c.

Zinnia—Fantasy

Price—45c doz., \$3.25 per hundred

BEGONIAS—Tuberose Rooted

Unexcelled for summer bedding. They should be planted in a situation to avoid the direct rays of the hot afternoon sun.

Single	Orange, pink, red, white, and yellow. Each 20c; \$2.25 per doz.
Double	Orange, pink, red, white, and yellow. 20c each; \$2.25 per doz.

TUBEROSES—Double Pearl

Easily recognized by its exquisite fragrance, and flower spikes. Start bulbs in pots, along the latter part of May moved to open ground, blooms can be had much earlier. Each 5c; 60c dozen.

PEONIES

Peonies are successfully planted in the spring. Avoid planting too deeply, as this is often the cause of the shy blooming; 2 inches of soil over the crown (eyes) is sufficient. We offer strong divided roots and can supply Double White, Double Crimson, and Rose-pink. 25c each; \$2.50 dozen.

HARDY LILIES

Auratum	Golden banded lily, grows four to seven feet tall, blooming in July and August. Should be planted 6 to 8 in. deep. Large size bulbs, 25c each; \$2.50 dozen.
Rubrum (Magnificum)	The typical form is white, flushed pink, and heavily spotted with carmine. The stem is about 4 feet high. Plant 8 to 10 inches deep. Blooms in Late August and Early September. Large bulbs, 25c each; \$2.50 dozen.
Regale	The large trumpet shaped flowers are snowy white, with a pure yellow center, while the exterior of the petals is slightly tinged pink. The flower possesses a delightful fragrance. Given good sharp drainage it will bloom most anywhere. Large bulbs, 25c each; \$2.50 hundred.
